Foreword

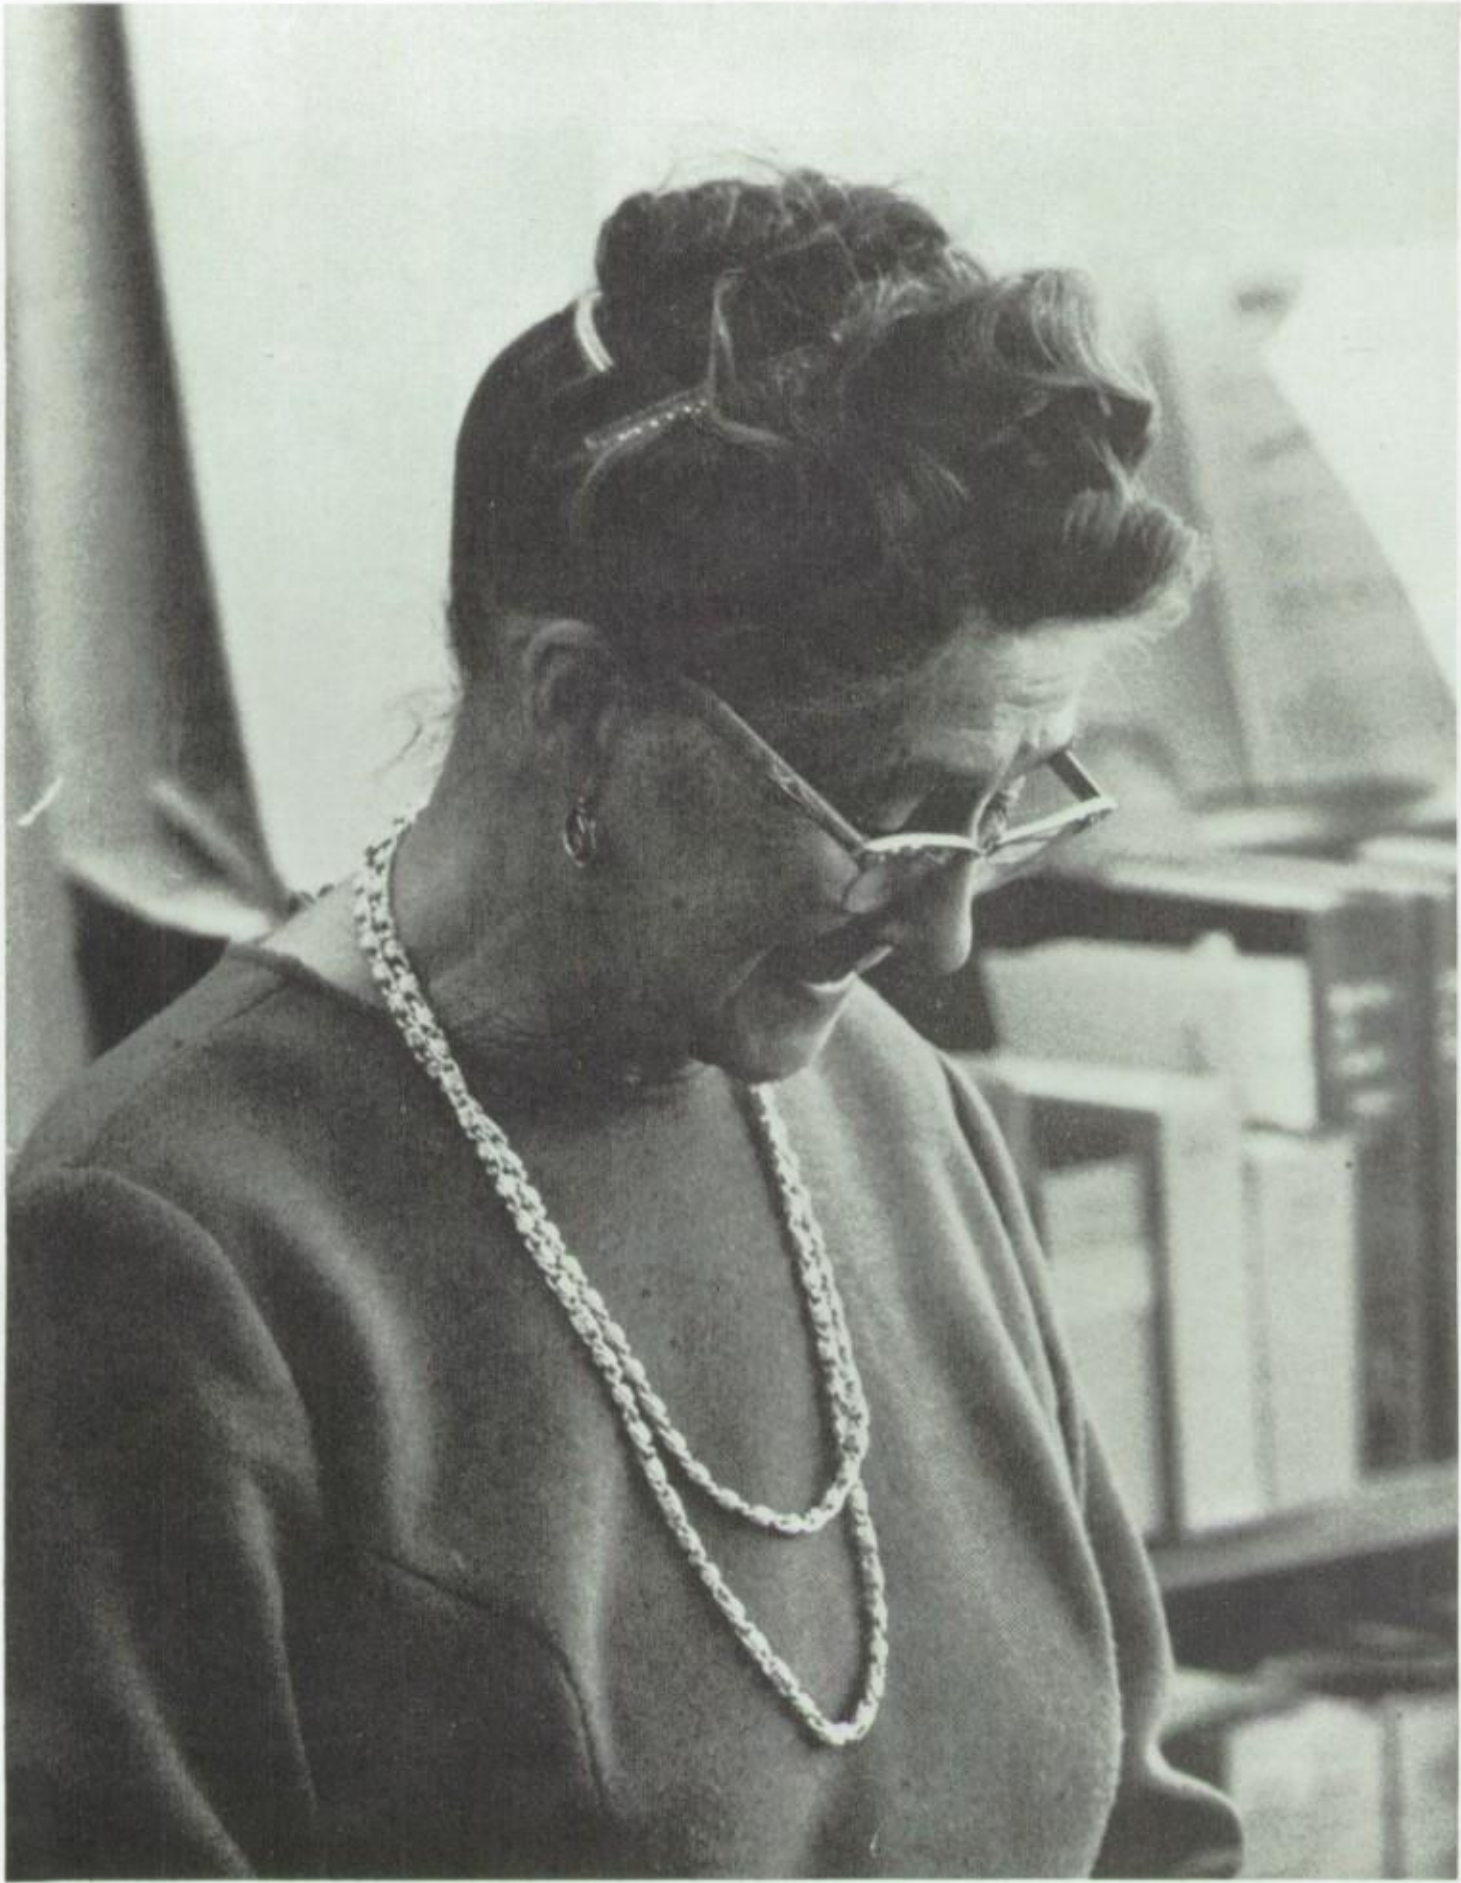

After months of diligent work, the Class of 1970 has met its deadline and produced its yearbook. The success of this book would not have been possible, however, without the cooperation of all the other students and the faculty.

We also owe a special thank you to our resident camera man and ECHOES staff advisor, Mr. Brown. He and his camera have given us many of the fine pictures in this annual.

Now we present with great pleasure, the ECHOES of our years at Whitingham High School.

Dedication

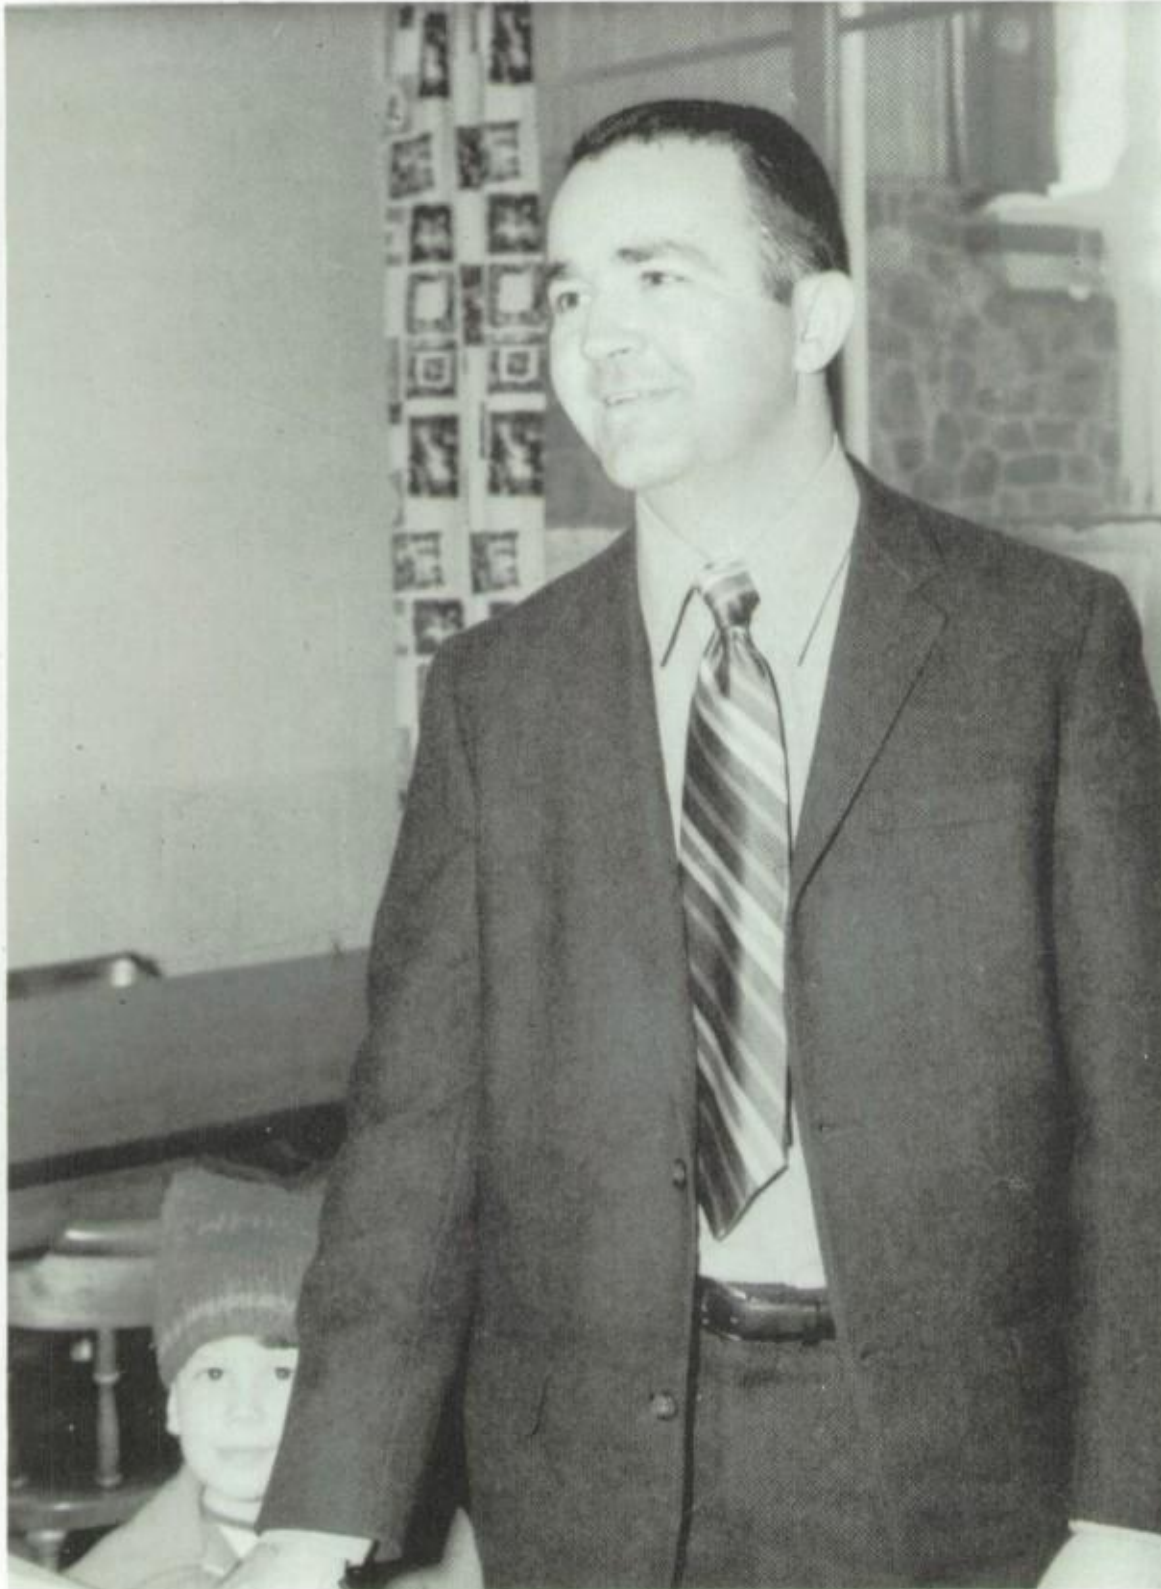

For her many years at Whitingham High School as an English teacher, as Librarian and as a real member of the school, the Class of 1970 is glad to dedicate our ECHOES to Mrs. Ida Cleaver. We hope she will remain with the school for many more years as her leaving would be a great loss.

Mrs. Cleaver at work.

Superintendent's Message

"The youth gets together his materials to build a bridge to the moon, or perchance, a palace or temple on the earth, and, at length, the middle-aged man concludes to build a woodshed with them."

Henry David Thoreau

There is still time for you. There will be many pressures from us, the middle-aged, for you to give up your ideals and accept more practical solutions to the world's problems. Try to keep your eyes fixed on the best and keep your ideals intact. If we are ever to approach our potential as human beings, it will be because of the prodding of youthful idealists. So, build your bridges to the moon and don't be afraid to attempt the impossible.

Robert E. Bunnell
Superintendent

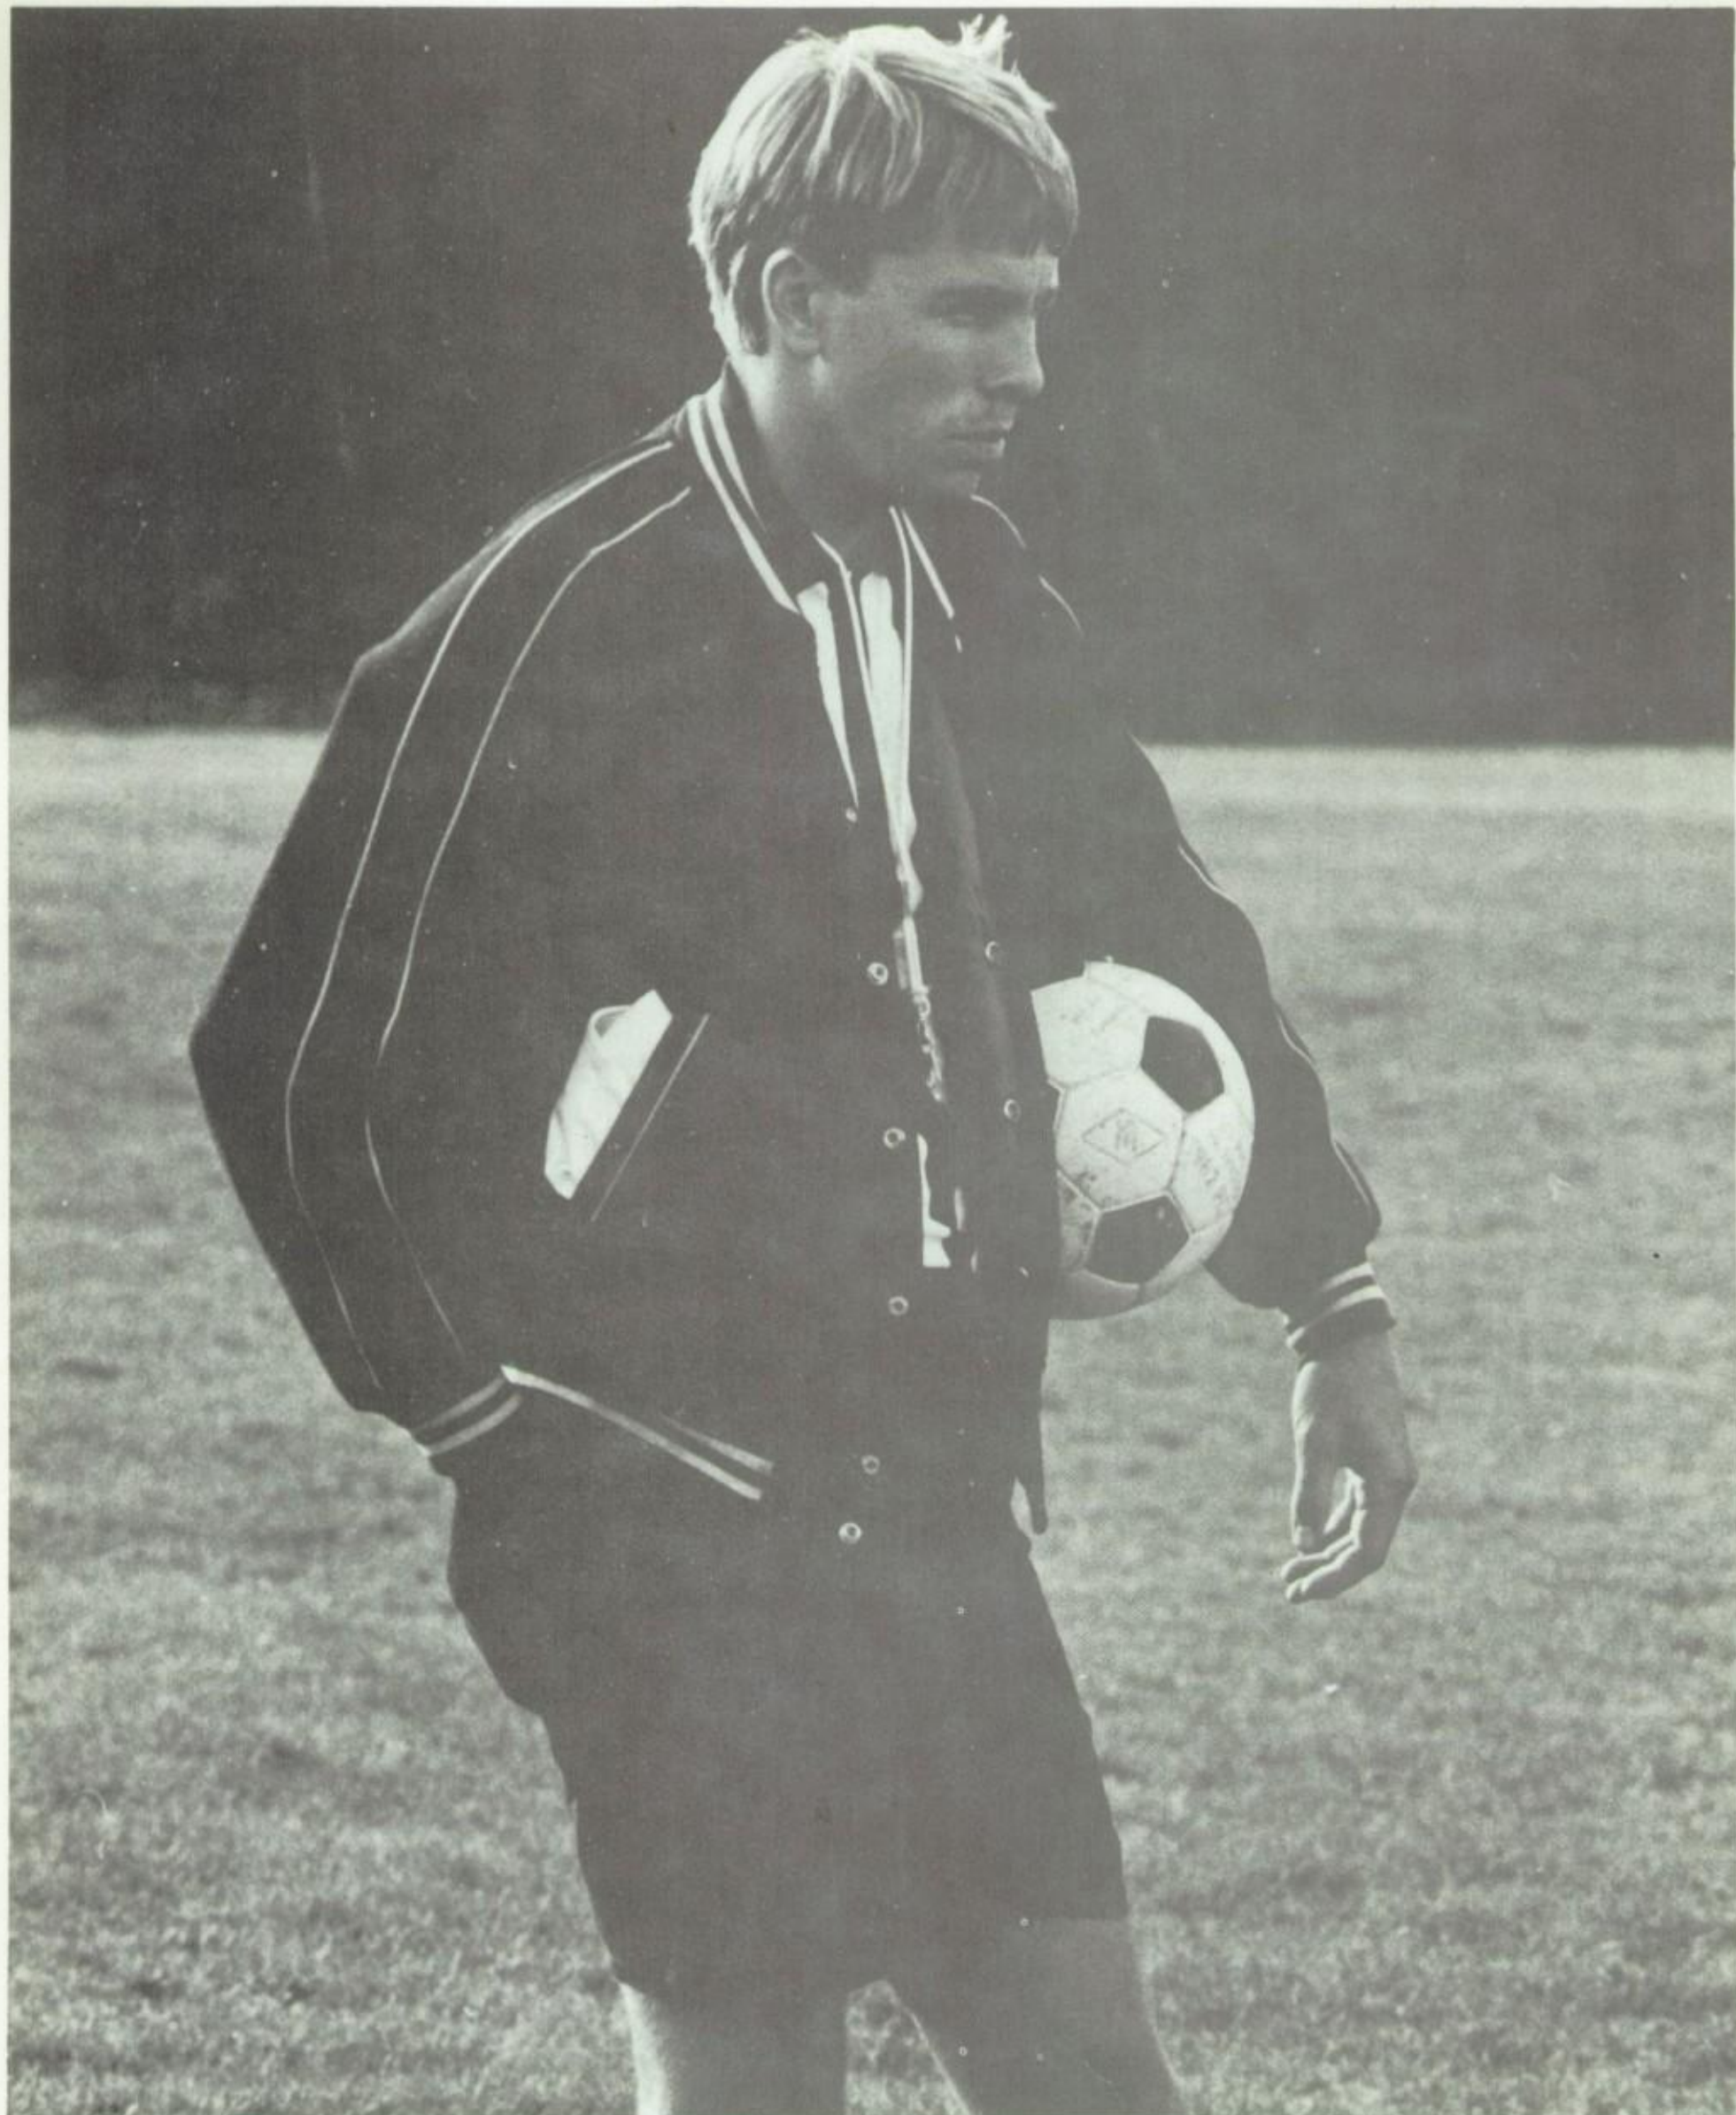

Principal's Message

For the Class of 1970 the great adventure is about to begin. For the past twelve years you have been working steadily toward the completion of your elementary and secondary education. That goal is now in sight and many decisions concerning the immediate future must be dealt with.

The future will be challenging, demanding, and rewarding. It affords each graduating senior an exciting opportunity to assume his role as an active and productive member of our society.

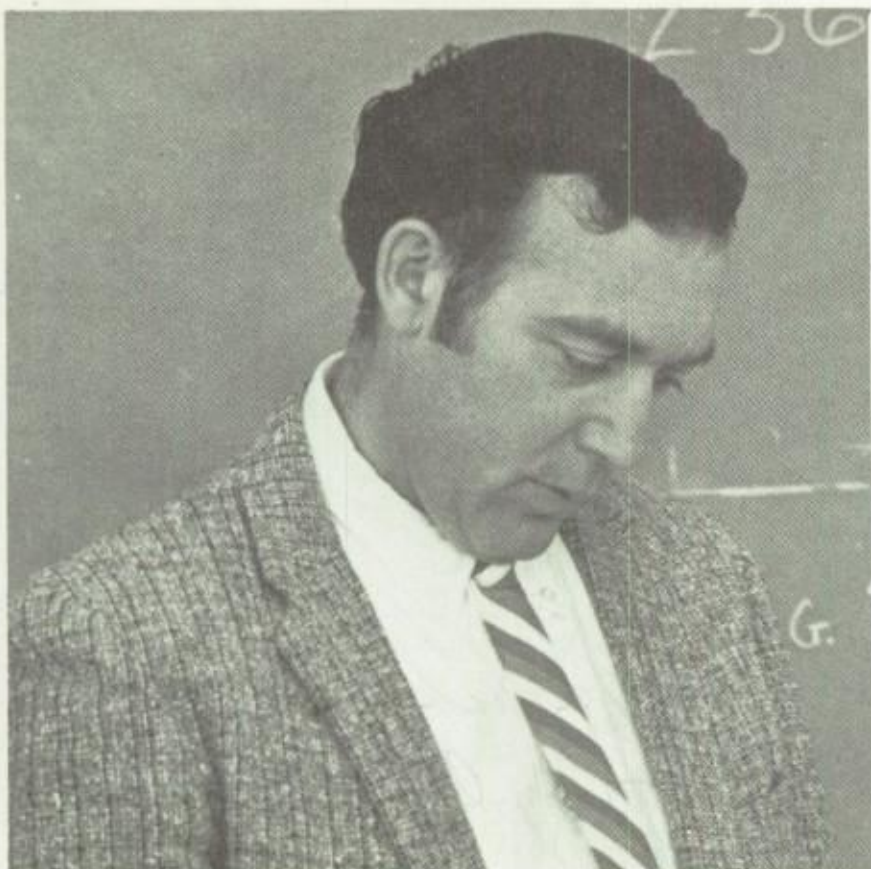

We, the faculty and staff at Whitingham School, extend our best wishes to the Class of 1970.

1969 Soccer Season

Considering the odds against them, this years W.H.S. Soccer Team did a job which deserves congratulations and praise from all.

The team took part in the first John James Jr. Memorial tournament in Bennington. This was the first soccer to be played under the lights in Vermont. The team won the first game of the tournament against "arch rival" Wilmington 3-1 and lost the championship game to Otter Vally 1-0.

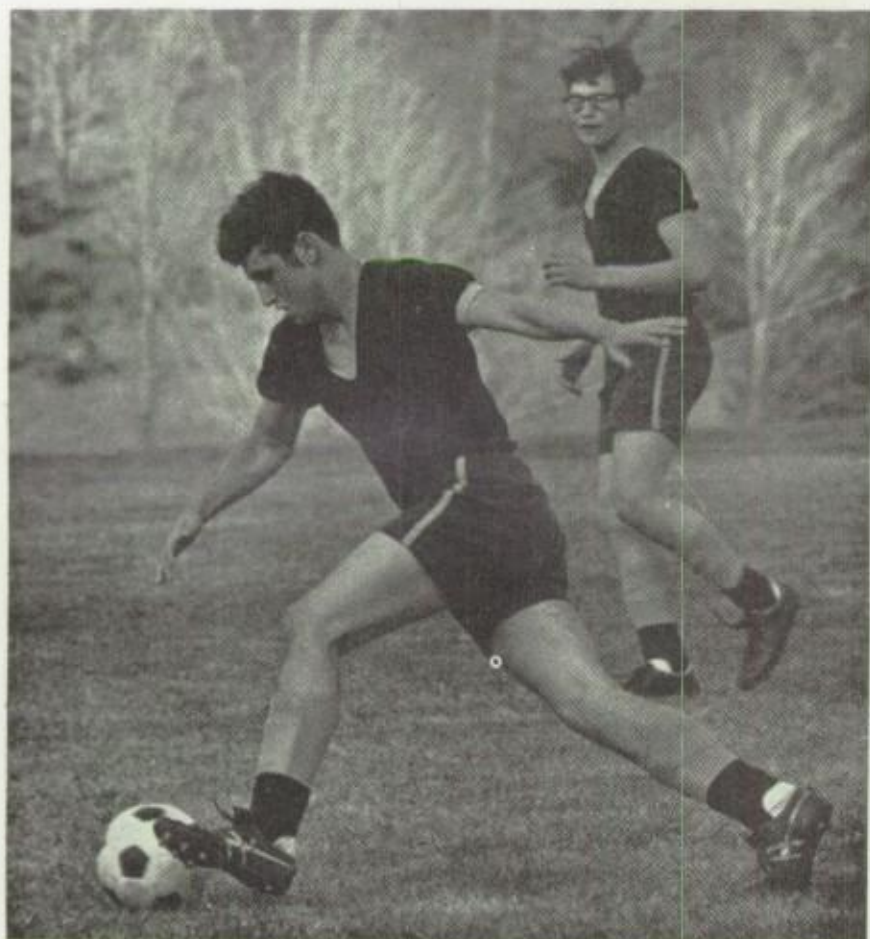

THE SENIORS

John Wheeler, who has done a tremendous job as goalie over the last four years, allowed only ten goals in regular season play and had six shut-outs to his credit. Pete Tracy and Harry Twitchell, two senior backs, aided greatly in harassing their opponents. Dana Bemis and Doug Moore, the two senior linemen, gave scoring punch to the Trojans by contributing a total of eleven goals: Dana with one and Doug with ten goals and three assists.

Playing for the last time together Doug, Pete, John, Harry, Dana

STANDING, L TO R: Manager S. Corey, J. Betit, S. Birch, L. Robinson, Coach Corcoran, S. Kingsley, B. Moore, E. Carruth, M. Galaske, Scorer C. King. KNEELING: W. Lowe, S. Lemaire, D. Morse, Captain A. Bailey, N. Birch, M. Zong, J. Bemis, L. Moore

By combining a strong team spirit and some fine skills, a determined Trojanette team braved all kinds of weather this season to compile the best record in the history of W. H. S. field hockey: 2 wins, 3 ties, and 6 loses. Captain Andrea Bailey and Nancy Birch, the only two senior veterans on the team, combined efforts to produce a formidable scoring punch through the season. Andrea set a new school record for most goals in one season, 8; and she and Little Nancy established a new mark for most assists in one season, each picking up 4 assists. The team as a whole on offense set a new scoring record of 17 goals in one season and was shut out only twice, while the defense held the opponents to 21 goals.

Coach Corcoran's post-season comments included: "Hockey is a rugged game requiring much stamina, determination, intricate skills and teamwork. This year's team has displayed all of these and the girls should be proud of their achievements and high caliber of play. It has been very gratifying to work with this team, and since most of the girls were underclassmen, the Trojanettes should be a contender for the MSL championship in 1970. My special thanks to seniors Andrea and Little Nancy for their leadership and outstanding efforts throughout the season."

Adopting the motto, "Build with Victories", the 1969-70 Trojanettes turned what was to be a building year into a championship year and earned first place in the Molly Stark League, after coming in second for the past four years. Whiting is certainly proud of these girls: the first championship girls' team in any sport in the history of WHS!!

Senior captain Nancy Birch led the team in total scoring, pouring 159 points through the nets. Sophomore Joanne Bemis followed closely with 128. Sophomore Wendy Lowe not only scored 92 points, but also set a new school record for most rebounds in one season, 172. Two other key players in rebounding were Sophomore Linda Moore, 122, and Senior Andrea Bailey, 113. Junior Shirley Lemaire and Freshman Sue Birch were both important substitutes who added contributions to winning causes whenever they saw action.

Coach Corcoran, proudly praising her girls, felt that "An Aggressive defense, controlling the boards, a balanced scoring attack, a lot of extra effort and determination, and a total team spirit which just wouldn't give up regardless of the odds - all of these played key roles in the success of the Trojanettes this year."

1969-70 Basketball Season

This year's basketball season could be considered a failure by some, a building year by others, and a success by those who played. A 2-9 record is not indicative of the caliber of play. Lacking the experienced big man, the team found itself on the short end of the score more often than not.

To the valiant seven who composed the varsity squad it could have seemed like a long season, but through hard work and determination they were never really out of any games they played.

Coach Walker would like to thank the seven boys who put a lot of hard work and time into this year's basketball team.

*Best of Luck
Coach
John Walker*

Sore arms and cold and rainy days were the biggest problems the Whitingham High School Baseball team had to face. The team was young and inexperienced - there were only three seniors on the entire club. Pitching was the weakest department due to the lack of starting pitchers from the previous year. Pitchers had to be developed. The 0-8 record does not show the amount of time and effort exerted by the athletes. Coach is looking forward to bigger and better things in 1970.
